SWAGING MACHINES

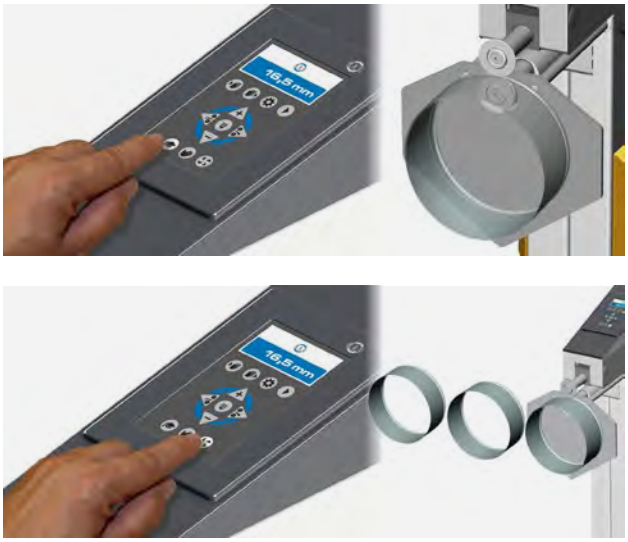

EasyFormer

The EasyFormer swaging machines “learn” from the operator how to swage and flange parts. In automatic mode the machine clones the taught sequence. The variable speed allows both: sensitive work with complicated parts or fast and productive runs with small series. The controller offers the best clarity and can be operated intuitively.

Ideal user-friendliness with the 7" touch control. Programs can be saved with additional information.

“Teach” function and “Automatic” function

Stepless speed regulation for sensitive work with complicated parts or fast and productive runs for small series

Flanging wheels FL: Flanging without swiveling the part.

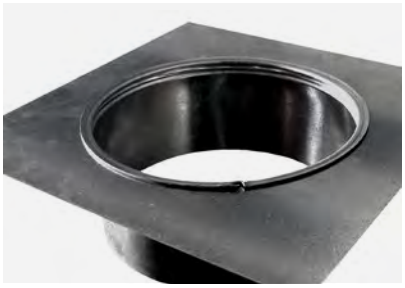

Crimping bead

Double seaming wheels

Swaging wheels for insulation work

Screw-in seam

Hose seam for hydraulic pipes

7" Touch control

Stop plate for insulation pipes

UnLock function opens the wheels immediately in an emergency.

EasyFormer	RAS 12.35-3	RAS 12.65-3
SHEET THICKNESS MAX.	1.75 mm	3.0 mm
WHEEL CENTER DISTANCE	63 mm	100 mm
WORKING DEPTH MAX.	255 mm	400 mm

RAS REINHARDT MASCHINENBAU

The company

RAS is proud to manufacture and distribute high-quality premium sheet metal fabrication products. Our expertise runs the gamut of developing groundbreaking solutions that help our customers achieve their goals.

At RAS, we firmly believe in the importance of first-class advice and expertise. Our mission statement is to treat each customer as if they were the only one, because we value each customer's individual needs and requirements.

What sets us apart at RAS is our commitment to setting the highest standards for our own business. We demand continuous excellence from ourselves and strive to exceed our customers' expectations. With over 200 attractive and safe workplaces, we offer not only first-class products, but also a supportive working environment for our employees.

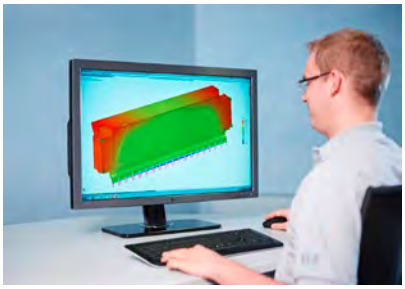

Our focus is on identifying and developing our strengths. At RAS, we understand that continuous improvement is the key to success. As a family business, we build on mutual trust, both within our company and in our relationship with customers and partners. We focus on maximum vertical integration and consistently high quality in all our products—in line with the "Made in Germany" label.
